Letter No. B4. c. 194/52-53 dt 30-12-52 from the chairman, Mysore Trust Board regarding filling up the post of Avenue Inspector in the Trust Board.

Submitted.

Flg W./ In go dt 28-4-52 Sanction was accorded to the appointment of one Sri. A. V. Kasiyathiah, a Retired Horticultural Inspector, as Avenue Inspector in the Mysore Trust Board on Rs 50 + C.A. Rs 15 + D.A. Rs 15/- exclusive of pension he was entitled to, with the direction that the post should be got classified and filled up permanently, by direct recruitment through P.S.C.

2. As seen from the letter now received, no candidates with the required qualifications applies for the advertised post, though the post was ~~advertised~~. It is said that the scale of pay of the Avenue Inspector of the Trust Board will have to be revised as

Maintenance of parks and Avenues by the Improvement Trust Board.

(2)

that at par with that obtaining in the Horticultural Dept. in order to interchange Avenue Inspectors from the Horticultural Dept. and that the question will be placed before the Board. and proposals sent separately

In the meanwhile, the chairman suggests that the services of the present Avenue Inspectors may be ordered to be continued. According to the orders of 28-4-52 (Vide last / flg W. para of the 80), the Avenue Inspectors may be continued till the post is filled up otherwise no time limit is fixed for his continuance. But the chairman may be informed that proposals for the revision of the scale may be sent immediately and until the post is filled up, the present Avenue Inspectors may be continued. This is for orders

A

3. In this connection, it is submitted that there was a Committee Avenue

establishment for the maintenance of Avenue trees and parks belonging to both the Bg/Mc city municipality and the Bg/Mc Trust Board, under the control of the Bg/Mc city municipal council. According to the then arrangement, a moiety of the salary of the staff and 2/3 of the expenditure towards the staff and maintenance of inter lorry of the sections were met out of the funds of the Board, while each local body was having its own Avenue gang cycles at its cost. The Board's contribution amounted to Rs 8000/- pa. But in

fly W. / Govt WL 5374-6/9.T.B. 16-57-19 dt 24-8-51, orders were issued to creating a separate Avenue establishment in the Bg/Mc Trust Board, independent of the one in the Bg/Mc city municipality.

4. The entire cost of on the maintenance of Avenues to the extent of about Rs 8000 to Rs 10,000 per year is being met out of the funds provided by govt as an outright grant to the Trust Board. Recently, orders were issued to the effect that establishment charges should not be met out of the govt. grant from the next year onwards. Moreover, the

maintenance of parks, roads, avenue trees etc is not the proper function of the Trust Board. It is one of the duties of the municipal council to maintain parks and Avenues. In this connection kind reference is invited to the note in para 15 of the notes of the references putup. The Chairman of the Board may perhaps be informed that the maintenance of parks and Avenues in Mysore city is not the function of the Board and that, as no grant will be given from next year to meet the cost of maintenance of Avenues & Parks in Mysore, he may make arrangements immediately to hand over all the parks and Avenue trees under the control of the Board to the Mysore city mcl-cl. for future maintenance, and if any dispute arises regard to the issue of these orders, Govt may take final decision in the matter under sub section (3) of section

21. Submitted. Views were invited to the effect that the Trust Board may hand over the parks and gardens to the Mysore city Municipal Council for maintenance & that the post of the Avenue Inspector may continue till the end of June, 53; by which time the transfer might be effected.

22. The Trust Board has resolved that the views of the Municipal Council may be ascertained & the Govt requested to extend the time till the Lansdowne area is completed. The proposal is perhaps to extend the time of terminating the service

Na 15/17/7 23. The request is to stay the present order until the handing over is complete and until the Hl cl intimates its opinion. As this subject is deferred for about 2 months, it means, the avenue staff may be continued till that time. Indirectly, it is a request to get an omnibus order to continue the staff until the Hl cl take a decision in the matter. As the cl decision is very necessary, the Comr Mysore Hl cl may be requested to place this subject in the next meeting of the cl & intimate its decision to Govt.

(2) → Maintenance of Avenues & parks by the Improvement Trust Board

considered is as to the source from which the Trust Board quota has to be given. If the proposal of the Municipal Council is accepted, the Board's contribution amounts to about Rs 8,000 - the amount paid by the Board prior to the bifurcation of the Avenue Section. This amount may even exceed now, in view of the recent revisions in the scales of pay of the employees in the Avenue Section of the Municipality. The entire cost of the Avenue establishment ~~is~~ of the Board is being met out of the ~~Govt~~ grant given to the Board each year. This year, a sum of Rs 5000 is provided, as per decision taken at the meeting held on 1-9-53. It is already ~~w~~ that maintenance of Parks and Avenues ~~is~~ the responsibility of the local Municipal Council. The Trust Board has formed extensions & completed all works except the one of providing underground drainage. This work named underground drainage work cannot be taken up early. It is not known ~~why~~ why the Board should maintain Parks and Avenues at ~~Govt~~ cost

3335 / 3819.

Maintenance of Avenues & parks (13) — by the Township Trust Board.

When the local municipal council has been collecting taxes in this area of the local municipal council insist that the Board should contribute towards the maintenance of Avenues and parks, there is perhaps no other alternative but to ask the Trust Board to abandon the parks and avenues now maintained by it, as no grant can perhaps be given towards the maintenance of avenues and as the Board is not realising any income by way of taxes from these localities. The best course appears to be to advise the municipal council to take over the management of the entire areas immediately and to see that the parks and Avenues are also maintained out of the funds of the municipality, as the Board is not deriving any taxes or revenue to maintain parks and avenues and can will not and cannot provide any grant towards such items of works. ~~to be met by the Board~~ ~~which is to maintain~~ items of works from the next official year. Sir,

Subject: Filling up the post of Avenue Inspector in the City Improvement Trust Board, Mysore.

Adverting to Government Order No.L.1358-65/I.T.B.15-52-2 dated 28-4-1952 conveying sanction to the appointment of Sri. A.V.Kasipathiah, (Retired Horticultural Inspector) as Avenue Inspector in the Trust Board temporarily pending filling up the post as per rules, I write to state that the Public Service Commission in their letter No.2344/52-3 dated 6-6-1952 intimated that no applications from fully qualified candidates were received in response to the notification No.104/52-3 P.S.C. dated 3-3-52 for the above post and forwarded the only application received from a candidate who did not possess the requisite technical qualification viz., Diploma in Horticulture.

The post was re-advertised as Sl.No.227/52-3 by the Public Service Commission vide No.3376/52-3 dated 14-7-52. Even then, there was no response. The Secretary, Public Service Commission intimated in his letter No.5863/PSC. dated 9-10-52 that as no candidates possessing the requisite qualification applied for the post, it may be re-advertised or the local candidates among the duly qualified backward community candidates be appointed if available, pending filling up the post as per rules.

Accordingly, application for the above post was called for from backward community candidates, in this office notification No. B4.C.262/52-3 dated 10-11-1952. 14 applications were received and none of them applicants possessed the required technical qualificati viz., diploma in Horticulture. From the previous correspondence on

P.T.O.

on the subject, it is seen that the Superintendent, Government Gardens, Bangalore, replied in his No.206 dated 14-11-51 that none of the executive staff of his Department was willing to take up the post in the Trust Board as the scales of the two departments were not identical and that the scale of pay obtained in the Gardens Department was higher than the fixed pay of Rs.50/- plus C.A.15/- for the post in the Trust Board.

As the services of the technically qualified executive subordinate of the Horticultural Department cannot be secured owing to the dissimilarity in the scales of pay, it is felt necessary that the scale of pay of the Avenue Inspector of the Trust Board will have to be revised so as to be at par with that obtaining in that Department, in order to interchange Avenue Inspector or Overseers from that Department.

Proposals for revision of the scale of the above post will be placed before the Board and sent up separately. In the interest of efficient discharge of the duties of the Avenue Section, I suggest that the services of the present Avenue Inspector be ordered to be continued until permanent arrangements are made.

Yours faithfully,

S. Linganna.

FROM

The Secretary to Government,

Sir,

Subject:- Handing over possession of parks and gardens by the city Improvement Trust Board to Municipal Council.

Reference:- Your letter No.L. 5899 I.T.B. 50-52-12 dated 18-8-53; this office letter No C2.P.R. 101-50/53-54 dated 3-9-54 addressed to you by the Chairman, C.I.Trust Board.

The present strength of the parks establishment is 26 gardners in grade 15-½-20 plus D.A. with a maistry in grade 30-1-40. The strength of the Avenue establishment is 13 gardners of the grade pay of 15-½-20 plus D.A. with a maistry in grade 30-1-40.

The Municipal Council have of late been improving the several parks and gardens and put up small parks in almost all the big circles all over the city. There are still many proposals to improve such circles by providing small lawns and flower beds in the centre. The present strength of the park and avenue establishments is inadequate compared with the area and places over which the above men have to be distributed. The work in the newly formed extension regarding planting of avenues, raising them up, formation of parks is still in a very initial stage and it is not possible to satisfacterily attend to the work that is now being done by the Trust Board without extra labour.

The Council is not in a position to incur any extra expenditure in this behalf in its present position and unless the cost in respect of the extra establishment required in this behalf is

is-reimbursed by the Trust Board, it will not be possible to maintain the Parks and gardens of the entire city at the requered level.

I therefore request that orders of Government may kindly be obtained to restore the position that existed prior to the issue of G.O.No.L. 5374-6/ITB 16-51-19 dated 24-8-51 regarding the bifurcation of the Parks and Avenues staff with regard to the payment of the quota by the Trust Board as requested in this office letter No C2.P.R. 101/50/53-54 dated 3-9-1953.

Sir,

With reference to correspondence ending with your letter no. C.D. P.R. 10.1/53-54 & 29 4/54 on the above subject, I am directed to state as follows:-

The city Improvement Trust Board, is empowered under the Act to draw up schemes for the formation of layouts and no provision is made in the sanctioning schemes for future maintenance works in such layouts when the layouts are completed, they have to be handed over to the Municipal Council for maintenance.

The Municipal council is collecting taxes on the built houses and vacant sites in the area. The maintenance of parks, avenue trees etc is the function and responsibility of the Municipal council, though they have not taken over the layouts in the ground (layouts) they are not technically completed in as much as the underground and water supply facilities have not been provided by the Board.

Underground drainage and water supply works will be taken up in these layouts according to the confirmed tentative schemes. The Trust Board has been entitled the amount towards the cost of water supply works which can be arranged to be executed, wherever possible.

As regards underground drainage work, the amount earmarked for this

(Municipal Branch)
Dated Bangalore, 23-6-1954

FROM

The *Secretary to the Government of Mysore,*
L.S.G. & Planning Departments

To

The Municipal Commissioner,
Mysore City Municipality.
(thro' the President)

Sir,

Subject: Handing over possession of parks and Gardens by the City Improvement Trust Board, Mysore to the Mysore City Municipal Council.

- - - -

With reference to correspondence ending with your letter No.C2.P.R.101/53-54 dated 29th April 1954 on the above subject, I am directed to state as follows:-

The City Improvement Trust Board is empowered under the Act to draw up schemes for the formation of layouts and no provision is made in the sanctioned schemes for future maintenance works in such layouts. When the layouts are completed, they have to be handed over to the Municipal Council for maintenance. All works, except underground drainage and water supply works, have been completed in the layouts formed by the Board. But the water supply work has to be executed by the Trust Board in such layouts as have been formed after 1948, as per orders communicated in letter No.L.3334/ML. 87-48-7 dated 25th September 1948 and the amount for water supply works in the layouts formed after 1948, is being transferred to the Water Supply Division. The amount set apart for drainage work is available with the Board and can be utilised only when the underground works are taken up according to the programme envisaged in the comprehensive scheme, after the outfall works are completed. Though no provision is made for maintenance works in any layout scheme, the Trust Board has been spending money for maintenance of roads, parks, avenue trees etc., out of the amount realised from sale of sites and the Government grant provided to the Trust Board every year. No Municipal

(38)

Council in the State is given Government grant for maintenance of parks and gardens. The Trust Board cannot expect to get financial assistance from Government to meet the cost of maintaining them. In the present financial stringency, Government cannot provide any amount out of the State funds for maintenance of parks etc., as they did hitherto. Nor has the Board any sources of revenue to provide funds for this purpose. The Municipal Council is collecting taxes on the built houses and vacant sites in the area. The maintenance of parks, avenue trees etc., is therefore the proper function and responsibility of the Municipal Council, though they have not taken over the layouts on the ground they (layouts) are not technically completed in as much as the underground and water supply facilities have not been provided by the Board.

Underground drainage and water supply works will be taken up in these layouts according to the comprehensive schemes. The Trust Board has been crediting the amount towards the cost of water supply works which can be arranged to be executed, whereever possible. As regards underground drainage work, the amount earmarked for this purpose is available with the Board and will be utilised as and when work is taken up for execution.

Pending execution of these two works, the Municipal Council is requested to take over the management of the layouts already completed by the Trust Board in all other respects, as also parks and avenue trees situated in these areas for maintenance, as the Trust Board is not deriving any taxes or revenue to maintain parks etc., in such areas.

Yours faithfully,

SIR,

Subject : Handing over parks and gardens to the City Municipality, Mysore.

I write to invite kind reference to correspondence ending with this office letter of even No. on the above subject and to state that as per letter No.C2.PR.101/53-54 dated 12-10-1954 from the Commissioner, City Municipality, Mysore, agreeing to take the Parks and gardens maintained by the Trust Board, the parks and gardens together with the staff, viz., maistry and gardeners were handed over to the City Municipal Council on 1-11-1954. The services of the Avenue Inspector were also terminated from 1-11-1954, as per directions conveyed in letter No.L.5029/I.T.B.50-52-11 dated 25-7-1953.

Further, I am to state that the services of one water lorry with its driver and cleaner have been retained in this office alone as the water lorry is required for consolidation of roads and other improvement works and supply of water to the Adikarnarapuram colony, since the Water Supply Department is not able to supply water to the colony for want of pipes inspite of the fact that the amount required for laying sub lines has already been deposited with the Department.

In the circumstances, I request you kindly to accord sanction of Government for the retention of the establishment consisting of a driver and a cleaner for a further period of two years, meeting the cost thereof out of the provision under "Establishment charges"

P.T.O.

in the budget estimate of the Trust Board.

I request the favour of very early sanction to the above proposals as the pay and allowances of the above staff from 1-11-1954 have to be charged to the Trust Board funds.
